

ProPlus™ Rope Access Harness

The ProPlus™ Rope Access Harness is designed by entertainment industry professionals specifically for entertainment technicians who need to safely access difficult locations and rely on fall arrest protection.

The Rope Access harness is equipped with 6 ring attachment locations including the dorsal fall arrest point on the upper back, one ring on the lower back, two hip rings, a waist ring and a sternum ring. Two convenient loops at the hips keep tools in easy reach. Sewn in padding as well as multiple strap adjustment points ensure hours of comfortable wear, yet the Rope Access harness weighs just 5 pounds.

Meets current OSHA requirements and ANSI/ASSE Z359 Standards
